Description of Incident

Provide a description of the incident and how you were victimized. Provide information not captured elsewhere in this complaint form.

Twitch has committed billions of dollars of fraud and money laundering on hundreds of millions of victims around the world, by explicitly allowing the promotion/running of illegal gambling sites by their streamers, alone. They prey on victims who suffer "gaming disorder" and "gambling disorder" but also on everyone else who suffer any type of mental disability.

The main Federal crime they have violated is 18 U.S. Code § 1343 - Fraud by wire, radio, or television, and each employee is likely guilty of conspiring many times over through official corporate documents and through their communications with streamers.

However sadly their true crimes may amount to insurrection (by promoting illiteracy and enticing their streamers to follow highly illicit Twitch ToS rather than actual law), hate crimes against protected disability groups (most of their chat are totally incoherent, and thus logically must belong to hate crime protected disability groups), and treason, since obviously trying to convince an entire society to adopt a worthless (at best) but often criminal lifestyle makes them an enemy of the United States and enemy to every country where they operate.

Are there any other witnesses or victims to this incident?

Yes, at least hundreds of millions of Americans plus many more around the world. Twitch refuses to interpret their ToS in any lawful way and their entire goal is to conceal their criminal conspiracy to further what they think is their lawful "business model." In fact their users are so illiterate, most of them must be victims who suffer from hate-crime-protected disabilities. This is why I'm arguing that Twitch is intentionally committing insurrection because without literacy, one is not able to abide by national, State, and local law. Also Twitch incentivizes their streamer partners, as likely documented extremely well through criminal conspiracy corporate commutations between employees and streamers, to commit fraud & other criminal violations for "revenue" instead of following actual criminal and civil law like Twitch fraudulently claims to require users to follow in their ToS and Community Guidelines.

If you have reported this incident to other law enforcement or government agencies, please provide the name, phone number, email, date reported, report number, etc.

I've submitted an FBI hate crime report on June 26 2023, and a Department of Justice Civil Rights complaint for discriminating against protected disabilities on July 13th 2023 (Record number 317706-BPB).
